Research principal

Royal Institute of Technology

Description

Appendix on how life-cycle assessment was modeled in the LCA toolset SimaPro for the article: Comparative life-cycle assessment for renovation methods of waste water sewerag.

The dataset was originally published in DiVA and moved to SND in 2024.

Data contains personal data

No

Language

English

Identifiers

URN: urn:nbn:se:kth:diva-225157

Research area

Natural sciences (Standard för svensk indelning av forskningsämnen 2011)

Keywords

Sewage, Architecture, Condominiums

Accessibility level

Access to data through SND
