## Description

This survey was carried out the week after the 14th presidential election in Korea, December 1 1992, and include questions on the respondent's interest in the election, exposure to the election campaign, attitude toward the candidates, voting, important issues when selecting a candidate, and experience of bribes and other illegal activities in connection with the election campaign. Background variables include information on gender, age, religion, income, occupation, education and place of residence.
