Description

This is the second SOM survey carried out in the Skåne region. Unlike Southern SOM 2001 - geographically limited to ten municipalities in the south western part of Skåne - the 2004 survey was carried out in the whole Skåne region. The questionnaire consists of nine coherent parts: press, radio and television; politics and society; society and service; traffic; holdings of technology and internet; questions about the closed down newspaper Arbetet; activities and leisure habits; working life; and background.
