## Description

The information in the abstract is translated from the archaeological report:

The field evaluation came about after cultural layers were found at an archaeological survey in the summer of 2000, on fallow agricultural land that belonged to Mjärdevi village. The survey area is now registered in the National Heritage Board's archaeological record with No. 224 on property Lambohov 2:20 in Slaka parish, Linköping county, Östergötland.

Purpose:

The information in the purpose is translated from the archaeological report::

The investigations have been occasioned by a planned construction of a house for offices with adjoining parking lots.

The ZIP file consist of GIS files and an Access database with information about the excavations, findings and other metadata about the archaeological survey.
